

FM TRANSMITTER CONNECTION

The transmitter allows an audio signal to be sent to any FM radio tuner. To do so, it is necessary to synchronize the frequency in both devices. Follow the steps described below:

- 1) Switch on the **TL-3UB**.
- 2) Tune to a station-free frequency, in your FM tuner.
- 3) Change the frequency in the **TL-3UB** device so that it coincides with the one selected in your FM radio tuner. To do so, press and hold the CH button and modify the transmission frequency using the - and + buttons.

NOTE: an easy way to check is by connecting a USB storage device with music to the USB INPUT. This music will immediately be heard through the speakers of your tuned FM radio when the connection between transmitter and FM radio tuner has been made correctly.

BLUETOOTH RECEIVER

The bluetooth receiver plays and allows playback to be controlled of music received from smartphones, tablets and other bluetooth devices as well as calls to be received. To do so, it is necessary to pair the bluetooth device with the bluetooth receiver of the **TL-3UB** beforehand.

- 1) Switch on the **TL-3UB**.
- 2) With the bluetooth option activated in your smartphone or tablet, select the **TL-3UB** device from the list of bluetooth devices. At that moment, your smartphone or tablet will be paired to the FM transmitter **TL-3UB**.

If you switch off the **TL-3UB** device and then switch it on again with the bluetooth option activated in your smartphone or tablet, it will not be necessary to pair it with the **TL-3UB** device again.

TECHNICAL SPECIFICATIONS

	TL-3UB
CHARACTERISTICS	Bluetooth FM transmitter. Transmits audio on the chosen frequency tunable from the car radio. Bluetooth 3.0 receiver. Plays music from smartphones, tablets and other bluetooth devices. Hands-free calling with integrated microphone. Effective microphone distance between 0.5 and 2 m. Echo cancellation and noise reduction technology. USB/MP3 player 2 charging ports for smartphones and tablets. Double sided USB connectors, can be plugged in in any direction FM or AUX output. Car battery level indicator. Information display. Designed to adapt to any vehicle.
OUTPUTS	Aux 2 x USB, 5 V 2.1 A max.
RESPONSE	20-15,000 Hz
S/N RATIO	≥ 60 dB
POWER SUPPLY	12 - 24 V DC
DIMENSIONS	115 x 21.5 x 29 mm depth
ACCESSORIES	Audio cable

FONESTAR SISTEMAS S.A. hereby declares that the **TL-3UB** type of radio equipment complies with the Directive 2014/53/EU.

The complete text of the EU Declaration of Conformity is available at the following internet address:

WARRANTY

This product has been tested and has passed the corresponding quality control prior to being put on the market.

FONESTAR guarantees the suitability of the product for its specified use during a period of 2 years from the delivery date and commits itself to repair or substitute the goods as expressed in the Spanish law 'La Ley General para la Defensa de los Consumidores y Usuarios, Real Decreto Legislativo 1/2007 16 Noviembre.

The lack of conformity in the first six months after purchase, due to a manufacturing defect, will be rectified with no more than showing the proof of purchase. After six months **FONESTAR** reserves the right to demand proof of the product being sold with that problem.

This warranty does not include damage produced by: inappropriate use or negligence, accidents, worn out parts due to use, breakages, burns, spilt liquids or other substances, excessive humidity, battery deterioration and internal manipulation of the device, the software or its components by unauthorized persons, and in general any use that is unrelated to the nature and purpose of the product.

If any service is needed during the warranty period because of lack of conformity, please contact the business or distributor where the product was purchased in no more than 2 months after being conscious of the problem. It is only necessary to contact **FONESTAR** if it is impossible or imposes an undue burden for them to solve it.

To benefit from this warranty it is necessary to show the proof of purchase with the date clearly visible, with no corrections or crossing out.

This document adds information, and never decreases the consumers' rights, which in all cases are protected by the Spanish law 'La Ley General para la Defensa de los Consumidores y Usuarios, Real Decreto Legislativo 1/2007 16 Noviembre.

FONESTAR is a member of ECOEMBALAJES ESPAÑA, S.A. "ECOEMBES", with number 03497 and all our products carry the symbol, backed by our membership and subscription to the above mentioned organization with the recycling and subsequent management of our packaging.

FONESTAR is registered in the RAEE (Registro de Aparatos Eléctricos y Electrónicos) in a special section REI (Registro de establecimientos Industriales), with the entry number 001851.
